creative journey through the contemporary world. Careful research into forms and colours transforms tradition into trend. This collection of decorative coverings comes in 7 plain colours with strictly matt, soft-touch surfaces. Careful colour research lies behind the range of highly sophisticated, dusty shades. The bas-relief texture is a key feature of the project, shaping a retro, classic pattern that's also ideal for contemporary living spaces. These tiles are perfect for bringing a touch of unexpected elegance to settings, for a smooth, pleasantly relaxing sensation.
