Metaline

High-energy
surface.

Metaline è l'innovativo progetto ispirato alle superfici metalliche. Il **nuovo energico gres porcellanato Italgraniti** esprime tre effetti vibranti, accoglie tutta l'essenza della materia autentica e restituisce un rivestimento originale, che **sa interpretare al meglio l'architettura contemporanea.**

/ Metaline is the innovative project inspired by metal surfaces. The **new, high-energy porcelain stoneware from Italgraniti** expresses three **vibrant effects**, evokes all the essence of the genuine material and creates an original covering, **ideal for contemporary architectural design.**

Steel

Corten

Iron

Le superfici Metaline uniscono alta tecnologia industriale e meticolosa ricerca sulla materia.

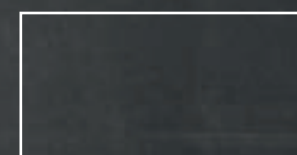

I moduli descrivono preziosi e accurati dettagli del metallo lavorato a mano, riflettono luci e ombre nel loro continuo cambiamento cromatico.

Metaline è come appare: un gres porcellanato innovativo, dal design unico.

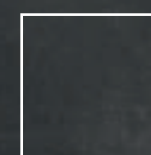

/ Metaline surfaces combine state-of-the-art industrial technology with meticulous research into material. The modules exquisitely, accurately describe details of hand-worked metal, and reflect light and shadows in their continually changing colours. **Metaline is what it seems: an innovative porcelain stoneware, with unique design.**

Form & functionality.

Thorn è la forma modellata per arricchire creativamente pareti e pavimenti. Il **design rigoroso e allo stesso tempo creativo**, unisce molteplici caratteristiche che ispirano **progetti d'interni colti e raffinati**. I mosaici, con tessere irregolari e variazioni cangianti, regalano cura del dettaglio e un mood artigianale.

/ Thorn is form moulded for the creative ornamentation of floors and walls. Its severe yet creative design brings together many characteristics that inspire **refined, tasteful interior design projects**. The mosaics, with uneven tiles and iridescent variations in shade, reflect attention to details and convey a hand-crafted impression.
